

Level 3 Social Media & Digital Marketing

Pathway 2:
Social Media Apprenticeship

APPRENTICESHIP

Our apprentices are our future workforce, Managers, Directors, apprentices are key to our economy and prosperous future.

Apprentices gain valuable skills and knowledge to support businesses across Wales. Their training is tailored to the employer business needs therefore, making a direct positive impact for the business.

As Managing Director of ITeC Digital Training, I speak to employers and apprentices daily and I am always amazed with the positive impact apprentices provide for businesses. Having worked within the Work Based Learning Sector for over 36 years, it is great to obtain feedback from previous apprentices and to find out how their careers have progressed, especially within the IT sector. Some become Managers or business owners and recruit their very own apprentices!

WHO IS IT FOR

Digital marketing and the use of social and digital media is a key part of business marketing strategies and practice today.

This framework is created to equip learners with the ability to understand, utilise and develop the skills needed whilst working in social media and digital marketing for business purposes.

Tasks may include creating and optimising content for the web, using digital and social media for marketing campaigns, keyword optimisation, content management and website creation.

The logo consists of a red square with a white 'i' inside, followed by the letters 'TEC' in white on a red background.
