APPRENTICESHIP

Our apprentices are our future workforce, Managers, Directors, apprentices are key to our economy and prosperous future.

Apprentices gain valuable skills and knowledge to support businesses across Wales. Their training is tailored to the employer business needs therefore, making a direct positive impact for the business.

As Managing Director of ITeC Digital Training, I speak to employers and apprentices daily and I am always amazed with the positive impact apprentices provide for businesses. Having worked within the Work Based Learning Sector for over 36 years, it is great to obtain feedback from previous apprentices and to find out how their careers have progressed, especially within the IT sector. Some become Managers or business owners and recruit their very own apprentices!
